INVESTIGATION

[Faint, illegible handwritten text from a manuscript page.]

A black and white photograph of a document page. The page is covered in extremely dense, overlapping, and illegible handwriting. The text is written in a cursive style and covers the entire page, making it impossible to read. The ink is dark, and the background is light, but the sheer density of the script obscures any individual words or sentences.

A high-contrast, black and white image showing a dense, textured surface. The image is characterized by a complex, grid-like pattern of dark and light areas, suggesting a woven fabric or a book cover with a repeating design. The lighting is dramatic, with deep shadows and bright highlights, creating a sense of depth and texture. The overall effect is abstract and visually striking.

DECEMBER 1997

The first of these is the fact that the
 Journal of the American Medical Association
 has been the only one of the major
 medical journals to publish a
 Statement of Principles on the
 subject of the physician's
 ethical obligations.

The above are copies of the original
 manuscript, and are not to be
 used for any other purpose.

Don't forget to check out the new book by the author of the first book in the series, *The Book of David*, by David J. Reardon. It's available now on Amazon.

December 20, 1901
 Dear Sir,
 I have the honor to acknowledge the receipt of your letter of the 19th inst. and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.

The image shows a dark, heavily degraded scan of a document page. The text is mostly illegible due to extreme contrast and noise. A large, bright white circular artifact is visible in the center of the page, obscuring any text that might have been there. Faint, dark shapes and lines are scattered across the page, suggesting the presence of original text that has been lost or obscured by the scanning process.
